

Field Day Returns to GCS

-The Balding Eagle, May 7-

Friday, April 30 was Field Day at GCS, and considering this event, like many others, was cancelled due to Covid-19 last year, our students were more excited than usual for this day of fun competition.

Following opening ceremonies at 9 am, every 1st-8th grader engaged in a three round, 15-game gauntlet of athletic events that included everything from the 40-yard dash to a basketball shoot to putt putt golf to a water balloon target challenge.

9th-11th grade Beta Club staffed the games, coordinated the schedule, and even cooked a hot dog lunch for the entire campus.

“Field Day is easily one of my favorite events all year,” said Coach Morgan. “It’s a great chance for our younger students to have some fun contests and games, and it is also a fun service opportunity for our Beta Club.”

Following the games, there were closing ceremonies and medal presentations to all event winners. After that, Beta Club helped clean up campus, and many groups of exhausted students limped back to class.

2021 Field Day was a ton of fun. Thanks to all our awesome Beta Club workers, and thanks to every elementary and middle school student who competed in the games!
